Copy the full date of each shot onto the blue California School Immunization Record card and then determine if the child is up-to-date. Blue cards are available free from the Immunization Coordinator at your local health department. As the child care provider, it is your responsibility to follow up regularly until all shots are finished.

EXEMPTIONS

The law allows parents/guardians to submit an exemption from immunization requirements based on their personal beliefs or medical conditions. For children with medical exemptions, the physician's written statement should be submitted. Child care staff should maintain an up-to-date list of pupils with exemptions, so they can be excluded quickly if an outbreak occurs.
